

Goddard House - Kick It Up a Notch

The Recipe for Living

Life at Goddard House in Brookline is as varied and rich as you make it, made more flavorful with a seasoned combination of health and wellness programs.

The Goddard House name has been at the forefront of serving the needs of older adults since 1849 when it opened the first private, non-profit home for elders in Massachusetts.

Today, Goddard House in Brookline Assisted Living and Goddard House Skilled Nursing & Rehabilitation Center in Jamaica Plain offer a continuum of services. Olmsted Place is available at both locations serving those with memory impairment who require a secure environment.
